Hand Press Sealer and Handheld Type Sealer

Hand Press Sealer and Handheld Type Sealer is perfect for light-duty bagging operations, sealers are used in many different industries and businesses. The use of these versatile sealers is limited only by your imagination and needs.

FS Series Hand Press Sealer

FS Series Hand Press Sealer is affordable and lightweight, machine using impulse heat to seal thermoplastic materials like polyethylene and polypropylene. Machine is easy to operate by puts a bag over the sealing element and activates the unit by lowering the upper jaw. Sealer operate with impulse heat and seal the bag. The process ends after a pre-set time, when the operator removes the bag and begins with another one.

These machines operate quickly and provide uniform results. It's easy to learn to operate them. In addition to their ease of use, they are also energy efficient, reliable and durable.

Optional: a. Change to Round Element for Cutter function (for seal and trim excess material- e.g. tubing film, in order to make customized bags)

FS-300 / FS-500

FS-300M

TECHNICAL DATA

MODEL	FS300	FS300M	FS500
Voltage	1 Phase 240V		
Impulse Power	430W	430W	800W
Sealing Length	300mmL	300mmL	500mmL
Sealing Width	2mm		
No of Sealing Line	1		
Cutter	No	Yes	No
Sealing Jaw	Bottom Only		
Heat Time	0.2 - 1.3 sec.		
Machine Structure	Aluminium Die Cast		
Machine Dimension	440mmL	470mmL	550mmL
	83mmW	110mmW	85mmW
	255mmH	195mmH	280mmH
Machine Weight	3.7Kg	4.5Kg	7.5Kg
