Mini Belt Conveyor

Mini Belt Conveyor is also namely small conveyor belt. This kind of mini conveyor is not only exquisite in appearance, but also small and light.

Mini belt conveyor has a reasonable structure design. It is especially suitable for occasions that require space optimization. Small conveyor belt system can control the start, stop and transportation of workpieces. Besides, you can use it together with marking, printing and labelling system. Mini belt conveyor generally have a lighter load.

Mini Belt Conveyor always combine with the SOJET Thermal Inkjet Printer with High Resolution and High Speed Printing.

Mini Belt Conveyor can easily be integrated to any new or existing processes and common used in the fields of domestic electrical appliance, foodstuffs, general merchandise, medicine and chemical industries. Friction Feeder improve the production speed and efficiency, save time and labour saving.

MBC Series Mini Belt Conveyor

MBC200L15 Mini Belt Conveyor design with 200mm width and 1500mm conveyor belt. Conveyor using 60W motor and maximum overall loading weight up to 10kgs.

TECHNICAL DATA

Model	MBC200L15
Rated Voltage	1 Phase 240V
Motor Power	60W
Conveyor Belt Dimension	1450mmL x 200mmW
Conveyor Height	750mmH
Conveyor Speed	0 - 20m / min
Max. Overall Loading Weight	< 10kgs
Conveyor Belt	PVC
Machine Structure	Stainless Steel
Machine Dimension	1500mmL x 280mmW x 750mmH
Machine Weight	15Kg
